Gov. Hayes not a Knownothing.

CHICAGO, Oct. 9.—The *Tribune* has a special from Patrick Currier of Upper Sandusky, Ohio, in which Currier says he wishes over his own signature, to repel the statements that Governor Hayes holds Knownothing sentiments. He knows Hayes well and has for years, and the governor has always treated the foreign born citizens with the highest consideration and certainly he has appointed many of them to office.

Great Excitement in Indianapolis.

INDIANAPOLIS, Oct. 9.—The city has been in a state of quiet but intense excitement all day. Both parties are confident and jointly agree on methods for preserving the peace during to-morrow. The indications are that a full vote will be cast all over the State. Preparations have been made for receiving and announcing the returns from the State, and bulletins will be sent frequently during the whole of Tuesday night.

Political Arrests in Indiana.

NEW YORK, Oct. 9.—The *Tribune's* Indianapolis special says: Yesterday the Democrats procured the arrest of 21 of the city policemen on a charge of assault and battery. Their offense was apprehending, under the vagrancy laws, a number of the worst characters left in the wake of the Democratic demonstration of last Thursday—bruisers and repeaters from Philadelphia and Baltimore, boarding at hotels and dead beats from no one knows where who were hanging about railway stations, sleeping in empty freight cars and waiting for the election. The policemen were promptly bailed and are on duty again. Their arrest was a very foolish move, and has had no effect except to create a good deal of indignation against the party managers who are at the bottom of it. The police have kept on with their work of making Indianapolis an uncomfortable place for the Democratic veterans who have come to take a hand in the election, and most of them have left town, going, it is believed to Fort Wayne, Logansport and other places. The Democratic leaders appear to be losing their heads, and the need for coolness and good judgment becomes greater. They have prepared affidavits charging Colonel Friedly, chairman of the Republican central committee, and three other prominent Republicans, with conspiring to commit felony in arranging for the importation of voters. They have no evidence, and the only thing calculated to arouse their suspicions is the presence here of three or four men from New York and Baltimore, who are in reality dead beats sent to look after Democratic roughs and Baltimore box-smashers. It is not believed at Republican headquarters to-night that the matter will be proceeded with or warrants taken out. If arrests are made on these manufactured affidavits, Col Friedly intends to swear out warrants promptly for half a dozen prominent Democrats, along with Hendricks himself.

Indiana Politics.

Wolcott, the greenback candidate who resigned, was a Republican, while Harrington, who takes his place, is a Democrat. This is regarded as a great blunder, and must materially strengthen the Republicans. Steps are being taken to unite the Cooper and Tilden vote on one electoral ticket in November, the electors to be divided among them according to the number of votes cast by each. Good judges say the Republican majority on Tuesday will be from 6,000 to 9,000, though the Democrats claim the State, of course. The Republicans held a significant meeting yesterday of old men who voted for Gen. Harrison in 1840 and are going to vote for his grandson Tuesday. Of these veterans there were 285 present. Speeches were made by Gen. Banks, Gov. Woodford and W. P. Conback.

Betting on the Result in Indiana and Ohio.

NEW YORK, Oct. 9.—The betting on to-day's election in Indiana and Ohio, and on the Presidential race, was very heavy to night and the auction rooms in several pool rooms were kept busy until a late hour in supplying the wants of the speculators. The largest crowd was assembled at Morrissey's pool room which was completely packed with buyers. The betting at the start was on the Indiana election, and Williams was taken for first choice, pool after pool being sold in rapid succession. The average of the betting was as follows: Indiana for Governor: Williams $500, Harrison $450; Williams $100, Harrison $90. Ohio Secretary of State: Barnes $100, Bell $40; Barnes $125, Bell $55; Barnes $100, Bell $40. Betting on New York—Governor: Morgan $1,000, Robinson $750; Morgan 1,000, Robinson $950; Morgan $400, Robinson ——. On the State, for President: Hayes $500, Tilden 500; Hayes $500, Tilden $600; Hayes $400, Tilden $390.

Change of Allegiance.

Early last evening a large crowd gathered in and around the Mersel house, at the corner of Bleeker and Sullivan streets, the headquarters of the late 15th ward Tilden and Hendricks club, many out of curiosity, many doubtful, but by far the greater majority anxious to take part in the change of the banner of the club. At the time arranged, everything was ready for placing the new banner, bearing the names of Hayes and Wheeler, across the street, when it was discovered that the pulley lines and stay ropes had been cut. This was soon remedied, and when the new netting was placed across the street, it was greeted with continued cheering.

Prospect in Ohio.

The *Times'* Cincinnati special says: After the most exciting canvass ever known in the history of the country it now seems that Ohio will go from 10,000 to 15,000 Republican and Indiana from 3,000 to 5,000.

All Quiet in Indiana.

The *Tribune's* Indianapolis special says: Fears of a serious outbreak at the polls produced unexpected and remarkable results to-day. Numbers of the repeaters and roughs imported by the Democrats from the East, who left town Saturday, returned again last evening and others who it was supposed had also been frightened away come out of their retreats. This information excited the Republicans to such frenzy that it seemed impossible to avoid a collision with imported roughs should they show themselves at the voting places. This afternoon the Democrats were sensible enough to hold out the olive branch. The overture properly came from them, as they had brought in the Eastern bruisers and caused the arrest of the police force for interfering with them. Governor Hendricks came forward in the *role* of peacemaker. He proposed an armistice and peace, which the Republicans promptly accepted, and at 4 o'clock eleven leading Republicans met the same number of Democrats in the governor's office. After a session of one hour a treaty was agreed on, and to-night it is being printed for a circular for distribution in the morning. The notice declares that any interference by parties from other localities will not be tolerated and invites such parties to leave. The challengers of both parties shall have equal chance, and the courts will be kept open to punish offenders whoever they may be. Two hundred citizens from both parties are to be enrolled as special constables to preserve order.

Majority in Maine.

BANGOR, Oct. 9.—The official statement of the Secretary of State shows that the majority for Gov. Connor (Rep.) over Talbot (Dem.) is 15,037.

Yellow Fever.

SAVANNAH, Oct. 9.—Interments 15. Ira W. Burt, signal observer, who passed through the epidemic at Memphis, died to day.

The superintendent of the railway service is in receipt of information to-day that two more route agents of Savannah and Live Oak are down with yellow fever, leaving only two agents to keep up postal business on the southerly and westerly approaches to Savannah. The local superintendent reports having ordered two agents from other Georgia routes to take their places, and adds the force in the Savannah office is so reduced by sickness that it can furnish no assistance. It is impossible to get substitutes at Savannah, or to get them elsewhere to run on lines centering in Savannah.

Racing at Nashville.

NASHVILLE, Oct. 9.—This was the first day of the Nashville Blood Horse Association. The first race was for 2 year olds three-fourths mile dash. Belle of the Meade won, Alice Murphy 2d, time 1:16, the best time ever made by 2-year olds. The second race, 1¼ mile for maiden 3 year olds, was won by Largenteen, Jack Shepard 2d, time 2:14¼. Third race, mile dash, Fairplay won, Redding 2d, time 1:45¼, 1:47.

Reorganization of the County Ticket in St. Louis.

ST. LOUIS, Oct. 9.—The Democratic county ticket nominated last month having caused great dissatisfaction the chairman called a meeting of the convention to day, which received the resignations of the first nominees and nominated a full county ticket, headed by ex-Mayor Joseph Brown, for sheriff. Several on first ticket were renominated.

Gov. Kemper will Name No Centennial Day for Virginia.

RICHMOND, Oct. 9.—Gov. Kemper has refused to name Virginia's day at the Centennial by proclamation. His chief reasons are the poverty of the people and that it is not customary in Virginia to use official proclamations for such purposes.

Session Grand Lodge F. and A. M. of Arkansas.

LITTLE ROCK, Oct. 9.—The Grand Lodge of the Masons of Arkansas is in session with a large attendance.

Lively Skirmish with the Indians.

CHEYENNE, Oct. 9.—News from Fort Fetterman state that on the 6th inst. a haying party of twelve men and seven ox teams were attacked by a band of 20 or 30 Indians 25 miles from the above post, badly wounding John Ottens, wagon master, and killing one horse. Two of the party were out hunting, and about 5 o'clock heard a war song and hastened to the train, which was immediately prepared for defense. Four of the men started to find the Indians, which they did, and made a lively retreat hotly pursued by Indians to within 60 yards of the train, when eight men sent a volley into the reds, who retreated to the shelter of the bluffs, and commenced firing on the train, which was at a disadvantage and compelled it to move 200 yards. The fight continued nearly four hours. The number of reds killed is unknown, two were seen to drop. Mr. Powell, the contractor, states that the Indians showed great courage and were strongly armed with Winchester and army rifles. The telegraph line between Fetterman and Cheyenne was cut about that time, and it is thought by some of the same band. Ottens is doing well, but he will undoubtedly lose his right arm.

EASTERN COMPLICATIONS.

Great Battle between Turks and Montenegrins—Servian Reserves Called Out—Formal Proposal for a Compromise Made—Panic at St. Petersburg.

RAGUSA, Oct. 9.—Saturday night the Montenegrins, having received a reinforcement of 2,500, attacked Moukhtar Pasha and compelled him to retreat to the frontier. It is stated that 80 Turks were killed while the Montenegrins killed and wounded number about 115. The opposing forces are now confronting each other in a line extending eight miles.

BELGRADE, Oct. 9.—General Tchernayeff has demanded that all Servians between the ages of 18 and 40 years be called out in anticipation of a renewal of hostilities in the spring.

PARIS, Oct. 9.—According to positive information here no Power has, up to the present, formally proposed a conference, though there is generally a more hopeful feeling. Everything is in suspense. The papers are filled with surmises pending the Porte's answer to the Powers.

LONDON, Oct. 9.—Dispatches to the *Standard* from Ragusa reports that Moukhtar Pasha surprised the Montenegrins on Saturday and carried their entrenched positions, but the Turkish troops were subsequently driven back. The Montenegrins have burned Lubinje and other Turkish villages, and cut the telegraph wires between Trebinje and Mostar.

The *Standard's* Belgrade special says a Russian telegraphic corps, having complete apparatus for field telegraph has been formed.

A Berlin dispatch to the *Standard*, which is confirmed by semi official statements in the *Post*, says the English cabinet made a formal proposal to the Powers for conference. Russia also urges a conference. In addition to this both powers agree to the necessity of a month's armistice. There is therefore reason to hope that Russia and England are not so opposed to each other as people believe. Russia insists on excluding Turkey from the conference.

LONDON, Oct. 9.—Right Hon W. C. Foster, addressing his constituents at Bradford, Saturday, supported Lord Derby's action on the Eastern question and expressed the hope that the country would support it. He said if Turkey refused England's proposals he thought circumstances might arise in which joint interference and possibly the joint occupation by Austria and England might be demanded.

A Berlin dispatch to the *Standard* says Austria desires that the conference shall consist of ambassadors representing all the signatory Powers. Italy and France have given their consent to a conference. Germany's answer is expected soon.

The Vienna correspondent of the *Times* says even if the Porte admitted it, Servia as a vassal state could not sit with Turkey, but Montenegro, which is recognized as independent, may participate in the conference. Regarding a regular armistice Turkey's chief objection is being obliged thus to recognize Servia as a belligerent on equal terms, but this obstacle is believed not to be insurmountable. Ristics has communicated Servia's willingness to accept an armistice of six weeks, provided a line of demarkation is drawn. Turkey's answer to the proposal of the Powers, despite all former reports, has not yet been given by the Porte.

A dispatch to the *Times* from Constantinople says it is reported that the ex Sultan Murad is dying.

The Berlin correspondent of the *Times* says the Czar's order that no more Russian officers or soldiers, not on active duty, be allowed leave of absence to go to Servia is not imperative. The migration continues at the rate of 7,800 every week.

It is stated that Russia offered Roumania absolute independence if the Russian troops should be allowed to march through Roumanian territory. The military preparations of Russia continues. It is an ugly sign that the Russian reserves have been forbidden to leave their places of residence. The public in Russia look on war as probable, and a panic exists on the St. Petersburg exchange.

A dispatch to the *Daily News* from Bjual Dijunia states that the Turks attempted to break through the Servian environments Friday. After making a considerable advance they were stopped and a stubborn fight occurred the result of which is unknown. A Belgrade dispatch to the *News* says Osman Pasha, with 20,000 men, has taken the offensive from the direction of Saitschar. His purpose is not known.

A Vienna special to the same paper reports that Bismarck fully indorsed Andrassy's refusal of the proposal for a joint occupation of the Turkish provinces. It is absolutely certain that Andrassy will resign if the occupation be resolved upon in higher quarters.

BUCHAREST, Oct. 9.—The Prince of Roumania has ordered both the standing army and reserves to assemble for maneuvers.

A special from St Petersburg notes a war panic on the stock exchange, sending down the funds and joint-stock securities and putting up the rate of discounts from 10 to 14 per cent.

LONDON, Oct. 9.—A dispatch from Cettinje reports that the Montenegrins have turned the positions of Moukhtar Pasha and entered Trebinje.

LONDON, Oct. 9.—At a public meeting held in St. James' Hall last night to consider the Eastern question, a letter from Gladstone was read. Gladstone severely attacks the administration for what he calls persisting in a policy condemned by the nation and not supported by the Parliament. He expresses the conviction that making Bosnia, Herzegovina, Bulgaria independent of the Ottoman Empire, would end the controversy, but he declares he has exhausted all hope that the government will see the true merit of the case.

Another Centennial Celebration.

SAN FRANCISCO, Oct. 8.—The celebration of the Centennial anniversary of Mission Dolores to-day was carried out with spirit and success. At an early hour in the morning a fine rain or mist prevailed, which seemed likely to seriously interfere with the programme of exercises, but about 10 o'clock it cleared up and the rest of the day was warm and pleasant. At an early hour a great crowd collected at the old Mission grounds, corner Sixteenth and Dolores streets. Grand pontifical military mass was celebrated, the Rt. Rev. Thos. Grace, Bishop of St. Paul, Minn., preaching the sermon in English, the Most Rev. Joseph Sadoc Alemany, Archbishop of San Francisco, delivering a sermon in Spanish. After the service, which was conducted in the most impressive manner, a procession was at once formed. The various divisions took post on the neighboring streets and formed the line on Dolores street, marching thence to Sixteenth street, to Valencia, to Market, to Kearny, to the old plaza, countermarching thence to Market, to Eighth, to Mechanic's pavilion. The fine appearance and length of the procession was the subject of universal comment. A platoon of mounted police headed the column, followed by six trumpeters of the United States army, mounted; then came Grand Marshal Kelly, with a numerous retinue of aids in handsome regalia. A fine military display followed, consisting of infantry and cavalry in showy company uniforms. These were followed by carriages conveying Gov. Irwin, military officers and U. S. officials, the orators (Hon. John W. Dwinelle and General M. G. Vallejo), the reader of the poem (B. T. Oliver), mounted cadets of St. Mary's College, mounted cadets of Sacred Heart College, escorting Archbishop Alemany and Bishops O'Connell and Grace. Barouches containing State officers, Mayor A. J. Bryant, the mayors of San Jose and other cities, members of the board of supervisors, members of the board of education, foreign consuls, city and county officials, invited guests and California Pioneers. Next in order were numerous societies, religious, benevolent, etc., with military escort. The Ancient Order of Hibernians were out in great force, numbering over one thousand, including delegations from various parts of the State, other religious orders, Sunday schools, children of orphan asylum, clergy, benevolent associations and a crowd of citizens on foot, mounted and in carriages, swelled the procession, which was nearly two hours in passing a given point. On arriving at the pavilion the vast concourse at once crowded it, and many were unable to obtain entrance. As soon as order was secured, Grand Marshal Kelly introduced Governor Irwin as president of the day, who addressed the audience briefly. A grand oratorio by a fine orchestra, with a heavy chorus, was then rendered, after which the Centennial poem was read by B. T. Oliver, followed by an oration in English by Hon. John W. Dwinelle, and one in Spanish by Gen. M. G. Vallejo. The grand "Hallelujah Chorus" by the orchestra and choir completed the exercises, after which Archbishop Alemany with his escort, proceeded to Mission Dolores and laid the corner stone of the new church with imposing ceremonies. Everything passed over in the most satisfactory manner and to the credit of those having charge of the demonstration.

Corpse Identified.

The body of an unknown man was found in the bay this morning off Meigg's wharf. It had been in the water but a few hours.

SAN FRANCISCO, Oct. 9.—The body found in the bay yesterday, off Meiggs' wharf, has been identified as that of David Solomons, a merchant formerly of Los Angeles. For some time past he has been an inmate of Dr Zeele's hospital, Pacific street, for medical treatment. He was a man of considerable means, a portion of which he recently lost through the dishonesty of a debtor, which is supposed to have prompted the suicide. He made his escape from the hospital during the temporary absence of the nurse, and probably went directly to the water front and jumped into the bay.

Bullion Seized for Unpaid Taxes.

SAN FRANCISCO, Oct. 9.—The steamer *Montana*, which arrived yesterday from Mexican ports, brings intelligence from La Paz, Sept. 28th, that 19 bars of bullion, valued at $25,000, from Hormiguiwa Mining Co., were seized by the government authorities for back taxes claimed to have been due during the administration of D. O. Mills and Thos Bell. The amount obtained by the government was $85,000, which Brooks, the superintendent, refused to pay, and had applied for the protection of the U. S. steamer *Pensacola* lying at Pichelinque, near La Paz. At this juncture the *Montana* sailed, and nothing is further known of the affair.

That Unending Suit.

In the case of A. A. Cohen, the defendant this forenoon began the argument in his own behalf, of the two counts in the indictment, one relating to coal contracts, the other to real estate transactions. He was requested by the court to confine himself to the latter as the court had formed an opinion on the former. As the prosecution argued that point last Thursday, it is presumed that the opinion of the court is in favor of the defendant on that count. Cohen will probably speak all day. Judge Lake will follow for the defence to-morrow and Mr. McAllister is expected to close for the prosecution Wednesday.

Trotting at Bay District Course.

SAN FRANCISCO, Oct. 9.—At Bay District course to day, the Fyre Stake sweepstake, for trotting 3 year olds, of $50 each, with $200 added by the association, mile heats, in harness, was decided. There were seven nominations, three of which started, viz: Susie Allen, Isaac and Gypsy Davis. In the pools Isaac was favorite with Gypsy for second choice, while at the outset Susie would only bring from $5 to $10 in $100. The day was unpleasant and foggy, with slight wind which prevented fast time, and the assemblage was consequently rather light. Susie Allen won the first heat with apparent ease in 2:45¼; second heat Isaac came to the score first, but the judges thinking he had gained by break awarded the heat to Gypsy, time being 2:46; third heat was won by Susie Allen which ended the race; time, 2:48.

The 3 year old trotting colts which have been trotted in California this year will compare favorably with those of the East, the aggregate time being faster.

To morrow the regular fall trotting meeting commences, the race being for a purse of $1,000 for stallions which have never beaten 2:30. Entries—Reno, Alexander, Venture, Gus, Billy Hayward and James Lick. Pools to-night showed the following rates: Reno $60, Alexander $12 50, Venture 11; field, comprising remainder, $3 11.

Republican Political Meeting.

Senator Sargent addressed a crowded Republican meeting at Platt's Hall to-night. He dwelt specially on the record of the Republican party, claiming that during its sway the government has been fairly and honestly carried on, and that corruption could not be fixed upon the party, though some individual members had been guilty of corrupt practices.

Obituary of James Lick.

At a meeting of the Pioneers this evening an obituary notice of the late James Lick, drawn up by a committee appointed for that purpose, was adopted. The document was altogether eulogistic, though suggesting that many traits of character shown by the deceased were more due to limited faults than to any inherent faults of his nature, and were amply atoned for by the wise and beneficent disposition of his wealth.

WASHINGTON TERRITORY POLITICS

THE DEMOCRATIC CANDIDATE FOR DELEGATE.

NEWAUKUM, Lewis County, W. T.,
Sept. 4, 1876.

TO THE EDITOR OF THE OREGONIAN:

Last week I sent you an article in relation to Mr. Judson, the Democratic nominee for Delegate to Congress from this Territory. It has been returned to me as being "rather too personal for your columns." Mr. Judson is now a candidate for the highest office in the gift of the people of this Territory. His friends assume for him a character of immaculate purity. Under such circumstances as these his conduct in official station is certainly a legitimate subject of public information and public criticism. Now, I charge that Mr. Judson, as Territorial Superintendent of Schools, wrongfully discriminated against my daughter Emma Chenoweth, in abruptly and positively refusing to examine her as an applicant for a teacher's certificate, until the services of an influential citizen of Thurston county were enlisted in her behalf, and that as Prosecuting Attorney he was the perpetrator of an inexcusable wrong against myself in attempting to defeat my appeal from the notoriously unjust judgments of a justice of the peace—judgments which Mr. Judson, previous to his action of which I complain, admitted were founded on charges entirely untenable in the district court of which he was an officer. He did this, too, with the knowledge that the success of his attempt against me would involve me in very severe punishment. I now ask as a matter of right that you, as editor of an independent journal, the columns of which the people of this Territory universally consult, to publish this letter. Then let Mr. Judson or his friends disprove the statements therein contained, or explain to his advantage if they can. Respectfully yours,

JUSTIN CHENOWETH, Sr.

WHICH IS THE STRONGER ARGUMENT?

MARION COUNTY, Oct. 7, 1876.

TO THE EDITOR OF THE OREGONIAN:

I have been informed that the railroad company has furnished the members of the legislature and State officers with "free pass" over their roads, if so, will that be any stronger argument against legislative action on the freight and fare question than Villard's letter? I have read that letter carefully and the comments of the OREGONIAN thereon, and notwithstanding Mr. Villard's array of figures, legal argument and threats against the people of Oregon, it will be very difficult to make the men who "earn their bread in the sweat of their faces," see that they should be compelled to pay the railroad company twenty one cents per bushel for carrying wheat from Eugene to Portland, leaving the producer nothing for his labor.

In all cases where there is a conflict between the interests of the people and those of a corporation the public mind would feel much easier if their servants were not the beneficiaries of that corporation. And in some of the States measures have been adopted prohibiting public officers from accepting free passes from corporations engaged in transportation.

FARMER.

From a correspondent at Drain's Station, Krewson & Drain's grist mill is expected to commence work next week. Dr Stryker has his residence finished and is now occupying it. He is selling goods cheaper than any one. Messrs. Barker & Beckley have their lumber on the ground for a livery stable. Mr. Beckley is preparing to run a first class hotel, which will soon be open. Barker's stage is making good time, with plenty of passengers. Wheat 60 cents per bushel.

It is with bashful hesitation that one ventures in these days of Beethoven raving and Wagner-mania to admire an English ballad, but one at least, "Kathleen Mavourneen," will live for long, though it be hopelessly unfashionable. Its author, Thomas Crouch, who served in the Confederate army, is now said to be living quietly in his Southern home. Before the war he was taught music in Washington.

STATE FAIR

SIXTEENTH ANNUAL FAIR OF THE OREGON STATE AGRICULTURAL SOCIETY.

SALEM, Oct. 9, 1876.

The weather for the first day was not as propitious as the [illegible] interested in the success of the State Fair could wish, but everybody commenced work with a vim that indicated the character of a true Oregonian, and were more encouraged as the clouds began to break away and the sun to shine, which indicated fair weather.

There are not as many campers on the ground at the present writing, but the manner in which they are rolling in shows that there will be undoubtedly as many by to-morrow morning as common.

The changes in the pavilion have already begun to yield good results, and the exhibitors more readily find their different departments, and there are now many more articles for exhibition than usually are displayed or brought for entry heretofore on the first day.

Fine arts will undoubtedly take the lead over all other years, and the lady superintendent is considerably perplexed even at this early hour to procure room to place them for display, but as she possesses considerable talent in that line, the trouble will be surmounted.

All the entry clerks are busy as "sailors" making entries and answering the same question for the ten thousandth time, and some of them, especially the lady clerks, have already acquired considerable volubility of conversation, (a rare accomplishment), which is very gratifying to them at least.

It is now impossible to obtain any accurate information in regard to the number and names of the horses, but as soon as the entries are completed the subject will be attended to, but suffice to say that there are a great many, and the display creditable to any State. The same remark could with justice be said with regard to cattle, and the herds are constantly arriving.

The Race.

At the present hour the first race of the Fair has been called and the following horses have been entered, purse $200, mile heats, 3 in 5, free for all; John Pennell's b. g. Tom Merry; John Young's b. m. Rose Mansfield; J. C. Tolman's b. g. Scamperdown; Geo. [illegible] m. Emma McCormick. Pools—Rose Mansfield 1st, Emma McCormick 2d, Scamperdown 3d, Tom Merry 4th.

First heat—After a great deal of trouble the horses got off in very good order, and Scamperdown flew the track and lost distance, and was not able to close up the gap. This unfortunate occurrence did not allow a fair opportunity to judge of the merits of the horse. Tom Merry and Rose Mansfield came in close together, Merry a length ahead. The heat terminated as follows: Tom Merry 1st, Rose Mansfield 2, Emma McCormick 3d, Scamperdown 4th. Time, 1:50½.

Second heat—The horses got off very even but badly bunching; Scamperdown taking the lead in the first quarter, adding great interest to the race. When the half mile post was reached, Tom Merry began closing up and they ran together for the remainder of the heat, closing with Tom Merry a neck ahead. Time, 1:50½. Tom Merry 1, Scamperdown 2, Emma McCormick 3, Rose Mansfield 4. The excitement during this heat was great, and the crowd could hardly be restrained, especially as Scamperdown was not expected to push Tom Merry so closely.

Third heat—This was the most even start of the race, Tom Merry taking the lead which he kept for the remainder of the race. Rose Mansfield came in 2d, Scamperdown 3d. In this heat it was evident that Tom Merry was the best of the four in this race. Time, 1:50½. Tom Merry 1st, Rose Mansfield 2d, Scamperdown 3d, Emma McCormick 4th.

RECAPITULATION.

Tom Merry	1	1	1
Rose Mansfield	2	4	2
Scamperdown	4	2	3
Emma McCormick	3	3	4

The following are the entries up to 4 o'clock: Division A, horses, 101; B, cattle, 58; C, sheep and goats, 28; D, swine and poultry, 11; E, farm products, 86; F, plows, 0; G, Oregon manufactures, 27; H, [illegible] manufactures, 25; I, dairy, 2; J, woolen manufactures, 11; K, bread, cakes, etc., 3; L, millin[illegible], 46; M, misses under 14 years, 19; N, [illegible] under 12 years, 3; O, boys under 14 years, 6; P, fruits, 3; Q, garden products, 34; R, flowers, 29; S, natural history, 36; T, works of art, 52; U, equestrianship, 0; V, wild animals (scalps), 2; miscellaneous, 130. Total, 816.

The only hopeful agitation for civil service reform always has been and is to-day confined to the Republican party, and we do not mind going on the record with the prophecy that when it comes it will be the work of the Republican party as much as was the restoration of the Union and the emancipation of the slaves.—*Boston Advertiser.*

TUESDAY MORNING, OCTOBER 10, 1876.

SOUTH CAROLINA.

The condition of affairs in South Carolina is really discouraging. It is of comparatively small consequence how the State goes in the election, provided its citizens be not denied the rights and privileges of citizenship; but appearances would seem to indicate that political feeling, or rather race feeling, on which party division is made, runs so high that the rights of citizenship depend altogether on brute force. The color-line Democracy have apparently made up their minds to overcome with violence the Republican majority which they are unable to overcome with numbers. If the proclamation of Governor Chamberlain is not merely a pretext for calling in the Federal power to assist in carrying the State Republican, as is asserted by the opposition, there is certainly a case for interposition by the General Government to protect the people against violence and secure obedience to law. Ever since the reconstruction of the Southern States disorders have broken out with embarrassing frequency and force, in various sections of the reconstructed region, but nothing heretofore has been comparable to the situation in South Carolina at present, as portrayed by Governor Chamberlain.

But is it probable he is giving the facts just as they exist? The opposition say he is not. They declare his proclamation is part of a desperate scheme to carry the election Republican with bayonets. And in this declaration they have, or claim to have, corroboration from certain persons heretofore considered Republicans. It becomes necessary, therefore, to look at the case in the light of surrounding circumstances, if we would determine who is nearest the truth. The colored vote in South Carolina is as great as the white vote, and, except when controlled by intimidation, is Republican. There is a considerable Republican vote among the whites. Thus the State, on a fair count, is largely Republican. Two years since—the last gubernatorial election—the Republicans carried it by nearly 12,000 majority against the combined strength of the Democrats and anti-Chamberlain faction of the Republican party. The State administration also was arrayed against the Republican candidate for governor, the infamously corrupt Moses then being in the executive chair and being the leader of the anti-Chamberlain Republicans. If under such circumstances the Republicans could carry the State, why need they resort to any such desperate schemes as are charged now? Such a thing is hardly conceivable. Then it must be taken into account also that the Republicans cited as corroborating the statements of the opposition and contradicting Chamberlain are Moses and his faction, bitter personal enemies of Chamberlain, and for two years past co-operating with the Democrats. They are not Republicans. They are Democrats, so far as their present associations are to be considered as fixing their political status, and they are actuated by motives of personal animosity toward the Republican Governor. Are they to be trusted as Republican witnesses?

Furthermore, the disturbances in the South since the war have not generally originated with the negroes, but with the disorderly whites. To that source all the massacres that have taken place are traceable. It is unnecessary to assume that the colored people have been in all respects model citizens. It is enough that the white-leaguers have been invariably the aggressors, and that the orderly class of whites have contented themselves with standing aloof, instead of interesting themselves in bringing the murderers to justice. In this way a state of terrorism has been established in the South. The natural inference is that the troubles in South Carolina are not fictitious, nor exceptional in their origin. A condition of affairs exists there which is tantamount to open rebellion. Governor Chamberlain announces his intention to exhaust the power of the State before calling upon the General Government for aid. That is a mere matter of form, for it is apparent the power of the State is already exhausted—exhausted before its exertion is attempted. There should be no child's play with these assassins. It should be made to be understood that every right of every citizen in the South will be protected, if it require a guard of soldiers at every house.

AN UNFORTUNATE LAW.

The House of Representatives has passed a bill—H. B. No. 15—which it appears to us must, if it becomes a law, prove detrimental to the best interests of the country, and be oppressive to the class of persons against whom it is directed. The law, as it now stands, requires that every foreign corporation doing business in Oregon shall make and file in the county where their resident agent is, a power of attorney appointing some citizen of Oregon as the agent of such corporation, upon whom service of process may be made, giving jurisdiction to the State and Federal courts in all proceedings against the corporation. That is a wise law. It enables the citizen of Oregon to seek and pursue his remedies and redress his wrongs against such corporations the same as he may do against domestic corporations. House bill No. 15 goes farther and requires under heavy penalties, that all such corporations shall in addition have a resident managing agent in every county in which they transact any business. Why should this be required of them? It is not required of domestic corporations, and it is not needed to protect the people. It has been the policy of our State to encourage foreign capital to come here for investment. It is needed to help develop the resources of the country. It is needed to build up our manufactures and our commerce. Surely there is not too much capital already here, when interest rules at present high rates. Why then place restrictions upon foreign capital, which are not necessary to protect the people who have occasion to use it? Why impose burdens such as may diminish the flow of money into our State, when money is so much needed to carry forward enterprises which are indispensable to our welfare and progress?

The passage of this bill by the House has called for a remonstrance from the Oregon and Washington Trust and Investment Company, commonly known as the "Scotch Loan Company," of which Wm. Reid, Esq., is manager, setting forth that the company came here some three years ago relying upon the laws as they then existed, and have been loaning money in the State, mainly to farmers up the valley, and have their loans in thirteen different counties; and that the company would regard it as a great hardship to be compelled to employ thirteen different managers, involving both expense and confusion in their business. This remonstrance closes with the following succinct statement of the points of objection to the proposed law:

(1.) That the laws as now in existence, so far as this corporation business is concerned, are amply sufficient to give jurisdiction to citizens desiring to sue this company in court.

(2.) That if this House Bill No. 15 becomes a law in its present shape it will seriously prevent farther foreign capital coming into Oregon, and make previous laws to encourage such capital practically a dead letter; and

(3.) That as this corporation cannot be at the expense of, or consent to, have thirteen or more different "managing agents" appointed as its representatives in every county where it loans moneys at present from Portland, it will therefore be compelled, if this House Bill No. 15 becomes a law, to immediately thereafter cease loaning its moneys among the farming classes in the various agricultural counties of Oregon, to the inconvenience of such farming classes, with whom it mostly does business; and will in future be compelled to limit its operations entirely to Portland and Multnomah county (where it has now its resident managing agent), and to eastern and western Washington Territory, which has passed most liberal laws for the investment of the capital of foreign corporations, giving, as it does, to such corporations the same powers and privileges in all respects as now belong to domestic corporations of the Territory.

As this company feel, so would all foreign capitalists be likely to feel when asked to assist in building up our country. The general policy unfriendly to capital from outside the State would make it impossible to inspire in them that confidence in our disposition to deal justly with them, for the absence of which no general prospect of profitable investment can sufficiently compensate.

> "Making all allowances for the misrepresentations of affairs at the South by bigoted partisans, and taking into account the fact that many of Gov. Tilden's intimate personal and political friends and many leading Democrats at the North are gentlemen of intelligence and ability, and the equals in ability and integrity of any of their opponents, does not the fact remain notwithstanding all this that the success of the Democratic party would accomplish two things: bring to the surface at the North a hungry and bad lot of politicians who have no conception of political principle and no notion of political honesty; while at the South it would place power in the hands of men who would use it for the purpose of restoring so far as they might be able the condition of affairs before the war. That is really the serious factor in the problem."

We commend the above to the serious consideration of the voters of Oregon. The conviction that the election of Mr. Tilden would be a great calamity to the country grows stronger daily. It is impossible for thoughtful persons not to see that if the Democracy get possession of the government the peace of the country will be seriously endangered. The spirit that stirs up strife and dissension in the South will be strengthened, and the condition of political affairs there, even if it be as bad as is claimed, will grow worse. The condition of the people of the South might not be much improved by the election of Mr. Hayes, but it would not be made worse; while, if Mr. Tilden should be elected, there are sound reasons for believing that the antagonism existing between the whites and the blacks would grow fiercer, and that conflicts between them would become more frequent. It does not matter much which side would be most or wholly responsible for this, if it should exist; the great problem is how to prevent its occurrence, and that can only be done by the election of Mr. Hayes.

All eyes are turned toward Ohio and Indiana to-day, the election there being regarded as to some extent decisive of the general result in November. If the Democrats lose both States the race for President may as well be considered closed and their candidate distanced. Should they carry Indiana by a small majority, Ohio going Republican, the effect on the November election will be but slight. Should they carry both States the Republicans may as well make up their minds to the possibility of a Democratic President.

Phonetic shorthand has heretofore been supposed the invention of an Englishman, Mr. Pitman, who announced it to the world in 1837. It now seems that this honor belongs to an American, the Rev. Phineas Bailey, of Chelsea, Vermont, who wrote and published a book on shorthand in 1819. Mr. Bailey's system was identical with that of Mr. Pitman.

Two Irishmen, both Democrats, listened to a speech by Colonel Ingersoll. One was converted into a Hayes man; but the other held fast to his own faith and thus reasoned: "No, sir; Tilden's the man. He'll reduce our taxes; an' shure an' didn't he reduce his own?"

RUPTURE!

No More Metallic Trusses Used!

No More Suffering from Iron Hoops or Steel Springs!

THE SUPERIORITY OF OUR ELASTIC Trusses over the rigid Iron Hoops which in former days were the only resource of the ruptured, admits of NO ARGUMENT.

By means of this appliance the pressure on the Rupture itself can be made uniform and continuous, and to the extent required in each case, until a slight inflammation of the parts is secured, and the consequent effusion of lymph which is essential to a healing process, and from this time to the conclusion of the treatment, the pressure, being entirely within the control of the patient, can be lessened daily as the adhesion progresses and the body becomes sound. All cases of reducible Hernia are permanently relieved, without regard to the age of the patient or the duration of the injury, while in its action it is wholly free from all the cruelty that has characterized the treatment of the malady with tortuous Metal Trusses from the earliest age to the present day. Your attention is called to the following facts:

1st—There are no springs to press upon or to injure the back.

2d—It is simple in construction, and not liable to get out of order.

3d—This instrument is worn with perfect ease while riding horseback.

4th—The Rupture is retained and the pressure the same while in any position.

5th—It has none of the injurious results of metallic Trusses.

6th—It will perform radical cures when all others fail.

7th—It is worn with ease and comfort night and day, which cannot be said truthfully of any metal Truss whatever.

Experience shows that all tempered spring Trusses necessarily press upon and often disease parts of the body that before were in a perfectly healthy condition. Lumbago and other equally distressing ailments are not unfrequently the outgrowth of such pressure, and in view of this fact it becomes a matter of decided consequence to avoid like calamities, if possible.

Examination Free. The closest scrutiny of physicians solicited.

Beware of Bogus articles called Elastic Trusses. **Dr. ROWE**, Inventor and Patentee of Elastic Trusses. All parties infringing either by sale or manufacture, will be dealt with in such manner as the law provides.

TEACHERS' MONTHLY INSTITUTE

The teachers engaged in the public schools of the city are required to hold a Monthly Institute on the first Saturday of every school month for the purpose of exchanging ideas and professional improvement generally On last Saturday the first working institute of the series was held at the Central school The first part of the session was spent in perfecting the organization of the P P S Library Association composed of teachers and others interested in the promotion of popular education under the patronage of an excellent board of directors whose chairman at present Mr A H Morgan is also president of the Association The by laws reported were adopted and Professor Crawford elected assistant librarian The library room will be in the Central building, and will be open for use on Friday afternoons at a suitable hour The books have not yet all come nor is the library room ready for occupancy The books shall consist of the leading writers and authors as far as the limited funds shall permit but many of them will treat on subjects appertaining to teaching It shall be free to scholars and only members are required to pay dues This is another step towards establishing a *free* circulating library, which all cities of the size and intelligence of Portland should have The funds for collecting a library will be derived from school exhibitions dues of members and donations of both money and books from any one who has the improvement of the rising generation at heart Life membership in the Association is only $25 It is an encouraging sign that more than one life membership has already been taken Mr Pratt is treasurer and will be pleased to receive donations for this laudable purpose

Prof King introduced the subject of rotary motion quoting the opinions of Mr Proctor and others whose views seem to conflict with ideas advanced by Newton He was listened to with interest and showed that on matters astronomical there is considerable difference of opinion

The institute was then favored with a well rendered duet by Mrs Simpson and Mrs Crawford

Then followed a brisk run of questions and replies on the foregoing topic of motion

The subject of reading was then introduced by Miss Dwyer which was disposed of and the specified time of the institute having expired a motion to adjourn was carried

HALF FARE RATES

During State Fair week the Oregon and California Railroad Company will sell half fare tickets from all stations to the Fair Grounds and return at half fare one way

LETTER FROM SALEM

SALEM Oct 8, 1876.

The day before the fair and with commendable devotion to the cause Oregonians are pouring into the capital on their annual pilgrimage to the Mecca of the State They commenced arriving as early as Thursday last and those composing the "rear guard" will probably not arrive before Thursday next They come on foot on horseback in wagons in buggies in carts in hacks on the cars and in steamboats and the only vehicle we have not seen in use is a wheelbarrow Everything else beneath the sun with a few minor exceptions—is already here The city is nominally filled with people and already do we hear inquiries for lodging places Board of a sort can be found almost anywhere but places to lay the head are ever in demand fair week We can but wonder where they all sleep who are already here and what they will do when all are here is a mystery indeed That ill familiar cry which as printers say is left standing from one year to another

ALL ABOARD FOR THE FAIR GROUND

Is rung in our ears from every corner and every street crossing to say nothing of the scores of times we hear it repeated between stations Conveyances public and private are running every minute in the day [illegible] bus are desirous of making enough before fair week to pay their license and judging from the number of passengers both ways during the day we should imagine some had made the riffle Nearly all of Salem have visited the grounds to day to note the preparations made for the carnival of the coming week In common with the rest strangers too made their outside visit there to day Free entrance entices all the small boys and the crowd is swelled by those who go there to see the crowd It has been a holiday to almost every one and a number of the boys were just jolly enough to make things lively out there and the attractions could not fail to draw large and appreciative audiences Stock of all kinds is arriving hourly and the display in this line promises to be unusually large

THE RACE TRACK

Has been placed in splendid order The introduction of water during the past week has enabled the managers so to wet it down as to make it solid and at the same time springy enough to answer all purposes An addition has been made to the newly erected grand stand making extra accommodations for the expected thousands A number of new stables have been erected the majority of them being occupied by Myers celebrated Percheron stock which arrived yesterday in splendid condition from Southern Oregon The refreshment stands have been repainted and repaired and present a much improved appearance and the grounds throughout look commendably neat and clean The erection of a Mechanics pavilion supplies a long needed want while the flooring of the machinery department adds greatly to its convenience Sprinklers are already on the road between the city and the grounds while others are kept busy within the enclosure

THE SURROUNDING CAMP GROUNDS

Present even at this early stage of the game an animated appearance Teams loaded down with camp equipage which file along our public thoroughfares convince us that hundreds are arriving who contemplate making a week of it and if we mistake not the campers will outnumber those of any year previous There are those who are here every year rain or shine while there are others who have come prepared to see it through this year simply because it is the Centennial fair and they half expect to see "Hail Columbia" and "Yankee Doodle" present in neat and appropriate costume These and other attractions too numerous to mention seem to have induced many new arrivals on the camping grounds The worry and bustle attendant on arranging their six days homes are visible and noteworthy The gude housewife oversees the job while husband children and grand children perhaps implicitly obey her commands Hucksters butchers bakers and venders of commissary stores generally are already prepared or are busy preparing for the business of the coming week

THE SPORTING FRATERNITY

Are with us in increased numbers, intending no doubt to make a raise during the ensuing week This will be accomplished in various ways The more genteel class will confine themselves to betting on the winning horse others will risk (?) their coin on the turn of the card or dice, while a certain few will not hesitate at anything short of murder to rob a man or rope in a victim The Idaho Opera and North Star saloons are as usual filled with gaming tables and are nightly crowded with a class as mixed as one can readily imagine Many are found who are mere lookers-on while the majority perhaps are trying their luck at the various tables "Rondo" tables are presided over by gaudily dressed females who are engaged for the purpose of holding the crowd, while in some instances these women run gaming tables on their own account The presence of woman in places like this would seem incredible to many of your readers and they and their surroundings convince us more than ever that it is a good thing one half this world don't know what the other half is about

CAPITOL NOTES

Among those whose welcome advent we would notice are Wilbur Cornell Clayburn M Walker and Jas C M Cully

The query arises how many days will our legislature adjourn during the coming week

CYRUS NOBLE DISTILLERY, 1st Dist , O.

[illegible] April [illegible] 1876

Messrs LILIENTHAL & Co

Gentlemen—I have just returned from a trip through Kentucky, Ohio and West Virginia undertaken for the purpose of examining the various distilleries in those districts and I am now more than ever confirmed in the opinion so often expressed to you that your distillery is the most complete and best conducted of any in the United States

The careful selection of your grain, the purity of the water the slower and more cautious method of distillation is what gives the NOBLE WHISKY its superior qualities and has gained for it the reputation which it universally sustains throughout the United States

Gratified that the 20 years devoted to the distillation of the CYRUS NOBLE WHISKY, has been attended with such happy results, I trust I may be spared to continue my labors in its interest and that of its many patrons and consumers

I am, Gentlemen

Yours faithfully

CYRUS NOBLE.

TO THE PUBLIC —The great reputation which our Cyrus Noble Whisky has enjoyed in medical practice throughout the Eastern States and Europe for a period of nearly 25 years, prompts us to bring it to the notice of the Public of the Pacific Coast for similar use.

Its absolute purity, having by analysis been found to be entirely free from FUSEL OIL, and the improved quality imparted to it by its being retained in store for at least from 5 to 6 years after distillation, has given to the Physician a remedy long sought for in his own Materia Medica

The certificates we hold of its efficacious use in the treatment of cases where NERVOUS PROSTRATION exists and vitality is at a low ebb, as is frequently observed in fevers endemic to our country, of DYSPEPSIA, with its whole train of gastric troubles, of diseases of the LIVER and the BLADDER, of CONSUMPTION affording effective and ready relief to the afflicted victim and of putrid diseases or blood poisoning recurring in its use as a disinfectant the sufferer from premature death are all highly gratifying to us, and we believe we owe it to our numerous patrons on the coast to use every endeavor to introduce it here

Very respectfully

SOUTHERN CLAIMS

From Harper's Weekly

Some of the Democratic newspapers publish [illegible] of the Court [illegible] as a reply to the suggestion [illegible] [illegible] [illegible] and voted.

The amendment [illegible] for any State or for any [illegible] [illegible] and administration [illegible] South [illegible] view that the Democratic party [illegible] war and that [illegible] to make [illegible] amends [illegible] the South [illegible] debt by payments on every [illegible] One retreat [illegible] what are called Southern claims.

At the last session of Congress in which the Democrats controlled the House the first step taken was the introduction by ex-Confederate Pierce [illegible] than four thousand claims the amount of which is variously estimated at from $1,000,000,000 to $2,000,000,000. Some thirteen hundred of these claims have been sent to the Southern Claims Commission. [illegible] publicity has been given to these facts because [illegible] the campaign for Democratic retrenchment and reform it would be inconvenient. But whether a Democratic success would probably put an end to the claims, or to their allowance, every sensible man can decide. The claims are based upon various grounds. One for instance, is for damage to a rebel's cotton mill by the movements of a battle. One is for wood taken from his farm for a Union camp. Another for the occupation of a chapel. Another of more than $30,000 for the occupation of a rebel court-house by Union soldiers. Another for damage to property by the erection of Union forts. These are illustrations of the kind of claims that are already pressed, and which will be infinitely multiplied. There is no chance of their payment if the Republicans should control Congress. But there is every probability of enormous [illegible] them up the Treasury in the event of Democratic success.

If the Democracy succeed it will be by the united Southern vote and the Southern element will control the party policy as it has controlled it from the formation of the Democratic party. The Northern wing will buy harmony and support, as Mr Tilden has always bought it, by yielding. He did not hesitate to co-operate with Mr Tweed and to surrender to the infatuations and his party would necessarily conform to the imperious menace of its old masters. The result of a Democratic success [illegible] all others would be as unfortunate for the South as for the rest of the country. It would be but a prolongation of the sectional hostility which it is the aim of a wise and true American statesmanship to remove but which will remain so long as the present Democratic organization exists. That organization is the perpetual *pons fatuus* of the South. It deludes it with the hope that the results of the war may be somehow evaded or adjusted otherwise than in accordance with the settled convictions of those who triumphed. While this illusion exists, a true reconstruction is impossible. Republican success under Governor Hayes who is thoroughly persuaded of the wisdom and national necessity of a just and firm but generous and forbearing policy toward the Southern States will go far toward the dissolution of the present Democratic party and consequently toward a sound and enduring adjustment of the Union.
